To whom it may concern;

I have known Ms. Zetty Allen for 5-8 years. During this time, I have had the pleasure of working alongside her as a comrade, as a constituent of service within our community, and as a colleague within the clinical field. In every domain, she has consistently exhibited a level of integrity that is unparalleled. Her sincere heart for people, coupled with her zeal for service, would make her a strong asset to any professional environment.

In the working environment especially, Ms. Allen is consistent, fair, meticulous, and dedicated. Not only is she willing to put in the time and effort necessary to yield quality services, but she is also invested in the empowerment and development of others from a holistic perspective. She is genuinely committed to making lasting strides toward empowering a village.

She brings uncompromising commitment, positive energy, creativity, and a continuous willingness to grow.

Thank you in advance for your consideration.

Best regards,

Shenika Brown-Reid
